

We provide a crowd gathering experience, however if overcrowding becomes an issue we would use stanchions to serpentine the line and control the directional flow of the queue.

We would store our pushcart in an available closet.

Our Wall sign will be left attached to the wall before/after operating hours, and we will also list our operation hours.

We will use 2700K light bulbs for our flood lamps.

Our accessories (travel tubes, mattes, and frames) will be displayed on top of the pushcart.

Our setup will be on the South end of the Down Under floor. We would setup in front of the North facing wall. The wall has two hallways on both sides of it. The Southwest Hallway leads to "Golden Age Collectables." The Southeast hallway exits to the outdoor staircase leading to the top floor.

Our pushcart will be positioned in the center of the permitted space (10ft x 8ft), flush against the South wall. The pushcart will be removed at the end of every day and stored on site (at your discretion).

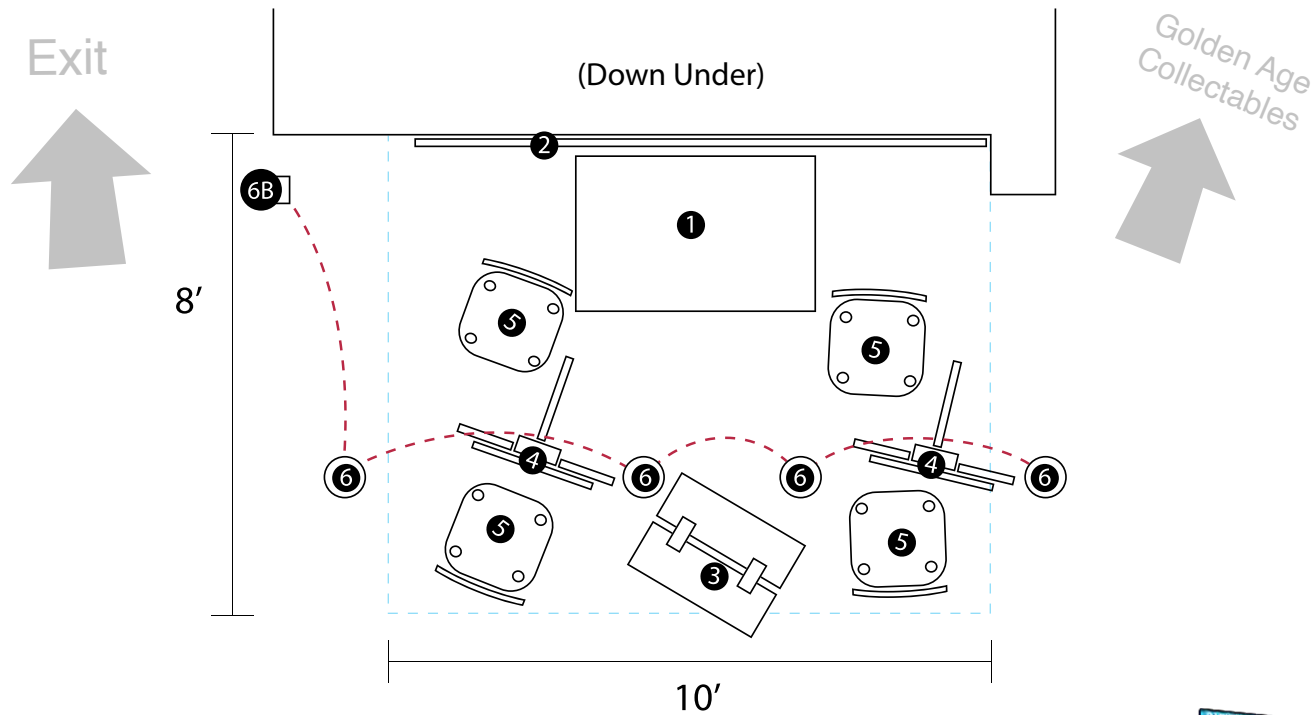

Each easel will be placed on either side of the pushcart. The price sign and drawing board will be facing the flow of traffic (away from the wall).

The guest will sit behind the easel with their backs facing the wall. The artists will sit in front of the easel, facing the guest, and drawing board.

We have 4 clamp lights (150 Watts); it will be plugged in to the electrical socket on the ceiling near the SE Exit (6B on the site plan). The lights will be directed towards the easel, and guests being drawn.

We will have 1 sandwich board on the side of the artists. It can be put away to accommodate traffic.

We also, provide caricatures for private parties, like: Weddings, Bar/Bat Mitzvahs, Anniversaries, Birthday Parties, and holiday parties

Design

1. Written description of work –

Provide a specific written list of the proposed work. The description should include any changes made to the building or site, any effect the work will have on the public right-of-way or public spaces, and any new construction. Describe furnishings, equipment or displays that will be installed or changed. Attach additional sheets if necessary.

We will be providing caricatures and using the following equipment and layout:

1 flat-Aluminum Composite Material board wrapped in vinyl with our custom design and branding. It will be mounted to the wall behind our setup with 3M 414 Scotch double sided Mounting Tape.

1 custom made pushcart. The pushcart will hold the following items

- 2 collapsible easels
- 2 Drawing boards with paper
- 2 Price signs
- 4 Collapsible chairs
- 1 Sandwich board
- 4 Clamp lights
